- Computer Technology Vocabulary
- Parts of the Computer
- Penguins
- Ocean Animals

1. **Take care of young ears:**
Ear buds/Headphones never set volume more than half-way. Pushing ear buds in far can damage eardrums.
2. **Take care of Eyes:**
Encourage students to look away every 20 minutes and take a break after one hour.
3. Best practice **set limits** for digital screen time games/videos.
4. Young Students need to be supervised when using technology devices with Internet access.
5. **Remind students not to share private information in our digital world.**
